Glasgow, a city of 5,050, is short in its police force. Now that the devilment season is at hand, we believe it a wise policy to put on an extra man or two. Policing a city of this size is a big job – too big for the small police force that we now have.

Stanley Hall, this city and Hascal Quigley of Goodnight, were victims of auto thieves last Friday. The Hall car was recovered near Goodnight, but the Quigley car has not yet been located.

Entitled to A Rest. After 34 years in business in Glasgow, Frei's Restaurant has been closed. Mr. Frei has occupied his present quarters on the north side of the square more than 25 years. During all these years, Frei's has been recognized as a dependable place to secure only the finest of food and fountain service. Serving three generations of Glasgow residents, he had built up a fine trade. Mr. Frei's first business venture in Glasgow was "way back yonder" when he first came to this section to work for Mr. Raubold. His host of friends here regret the necessity of his closing but trust that he again will engage in business here.

Second attempt Made to Rob Nelson's Relic House. For the second time in as many weeks, an attempt was made to rob the relic house of Mr. John Nelson on Columbia Avenue. Gasoline by the hundreds of gallons is weekly drained from autos parked in home garages of Glasgow. It is thought that the gas is being re-sold at out-of-town markets. The continued theft is going to result in somebody getting shot, as there are a number of shotguns and pistols

Melvin Means, 44, was given a jail sentence of 90 days and fined $500 in Jefferson County Court on charge of shooting Ralph Kinnaird, this city, in Louisville the night of August 6 as Kinnaird stood in front of the Kentucky Hotel. Means' plea was to the effect that he had been drinking for several days and his mind was blank at the time of the shooting.

The Honorable George T. Parrish, one of Barren County's staunchest Democrats and a man who has been on the "firing line" for Democracy for more than 60 years, is all "worked up" in the present campaign. While well beyond 80 years, he is Chairman of the Democratic Campaign Committee Advisory Group and has also signified a willingness to even go on the stump for a

series of addresses over the county.

Governor Ruby Laffoon of Frankfort, and Mr. Thomas Richardson of Russellville were dinner guests of Joe Richardson at the home of his mother, Mrs. J.M. Richardson, last Monday.

The Cave City Roosevelt-Garner Club is making arrangements for an old-fashioned torchlight parade on Monday night before the election. It is possible

Hospital to Be Financed. Stores of the city were closed from 2:30 to 4:30 on Tuesday afternoon for the mass meeting at the Christian Church to hear the explanation of the new finance plan for the hospital. Around 100 were present, and 85 members were pledged before the meeting adjourned. The new plan calls for payments extending over a five-year period, with credit to amount of payments, those payments to be applied against any hospital bill you might incur. Members of your family are entitled to your credit. This plan is worthy, providing you with a reserve fund and insurance against a hospital expense.

School Children To Have Help. The Junior Woman's Club is sponsoring a move to raise funds for indigent school children through the means of sealed milk bottles placed at public places in every store of the city. Donations will be placed in the bottles through a coin slit in the seal at the top of the bottle. These receptacles will be emptied each week by the Club, and proceeds will be used for food for hungry school children. If you wish to have a bottle at your place, please see Mrs. Forrest Smith, who is in charge of the committee handling this phase of relief work.

Again, as for 67 years, The Times is the only newspaper in Barren County fighting the battles of Democracy. This year, as in all other years, we give of our time and space for success of the party with no thought of seeking reward or asking favor for any work done!
