

If the Glasgow High School Academy of Engineering sounds foreign to you, then you're missing out. Last night, WCLU joined members of the community at the Ribbon Cutting for the Academy of Engineering at Glasgow High School. Mr. J.R. Dakin, the pre-engineering teacher at Glasgow high, introduced the program, explaining what it's all about...

Then we had Tommy Gumm from the Alliance Corporation share with us what he foresees in the future of this program...

{audio}http://wcluradio.com/newscuts/1012gumm.mp3{/audio}

Mr. Keith Hale, Principal of Glasgow High School also shared with us his excitement of the Academy of Engineering and also the plans for yet another Academy in the near future...

{audio}http://wcluradio.com/newscuts/1012hale.mp3{/audio}

We're all expecting many great, young engineers out of this brand new Academy of Engineering.
