

HOME DESTROYED BY FIRE IN PARK CITY SATURDAY

Monday, 28 January 2013 08:54

A home was completely destroyed by fire early morning in Park City. Fire Chief Ronnie Stinson told WCLU News that they got the call at 5 am to respond to East Third Street in Park City. The homeowner, Todd Renick, was not at home at the time of the blaze. Stinson said the home is a total loss. He said the fire department had an exposure problem to a neighboring building that complicated the firefighting process. Firemen were on the scene for around 5 hours. No cause of the blaze or damage estimate has been determined at this time.
