

Quite a disruption in the school day for Barren County Schools yesterday as two different bomb threats were called in. First, the Barren County Middle School, and students were moved to the high school. Then, at 2 pm, a Bomb threat at the High School forced school officials to evacuate the building and send all of the students to the football stadium where they remained until being picked up by their parents. Superintendent Bo Matthews told WCLU Local News this is a serious offense
