

Last night the Barren County Board of Education met in regular session for their June meeting. The board approved many documents pertaining to the new school year including the discipline code handbook, the student handbook, salary schedules, fundraiser schedules, and more. The board also renewed their contract with the local health department, and had their first reading of the policies and procedures update!

Cheyenne Fant, the new Director of 21st century community learning centers and food service director told the board:
