

The Barren County School District is partnering with Western Kentucky University's Glasgow campus as a part of the district's celebration of National School Lunch Week, October 14-18. The campaign puts a spotlight on nutrition and wellness and the positive changes that schools have incorporated into their lunch menus. Activities will include the food service staff of Barren County Schools serving a special luncheon on Tuesday, October 15 on the grounds of the WKU-Glasgow campus. The lunch will be \$4.00 per person and the public is welcomed to attend..
