

The Glasgow Electric Plant Board is still in negotiations with Viacom. Viacom is continuing to make demands for a large rate increase equal to 40x the rate of inflation. The Glasgow EPB would have to pass along this increase to customers and they do feel it is an unreasonable increase. Again, there is a possibility that the channels listed below will go off the air on Tues. 4/1 until a resolution to this dispute is reached. Thank you again for your support and understanding as we work to bring you the best services at the lowest possible cost –
