

DETOUR IN METCALFE COUNTY DUE TO SINKHOLE (updated)

Tuesday, 01 April 2014 14:20

U.S. 68 is now open. There will be road repair work the next couple of days. The road will be open, but flaggers will be present. Motorists need to slow down when approaching this area.

Wes Watt, the Public Information Officer for the Kentucky Transportation Cabinet of District 3 has informed WCLU that a detour has been setup on U.S 68 just north of Edmonton in Metcalfe County due to a sinkhole. All traffic is being detoured to KY 1243 to KY 543 back to U.S. 68. The detour is expected to last about two more hours. Local traffic can pass through the sinkhole site, but cannot cross.
