Professor A. W. Mell died at the home of his daughter in Missouri last week at an advanced age. It was he who really started the education experience in Glasgow when he taught in what was known as Urania College, located across Race Street in front of Mr. J. M. Richardson's home. Instead of helping the college grow, Glasgow laid down on the job and allowed it to be moved to Bowling Green, and this was the start of the great educational system in that city. Many of our older citizens were taught by Professor Mell and his assistants, Professor J. Tom Williams and others, and a most useful life closes with Professor Mell's passing.

Young Man's Efforts Recognized by County. There is at least one young man in Glasgow who has reasons to believe there is a Santa Claus. That young man is Mr. Addis Britt, who has just received from the head office of the Kentucky Utilities Company a check for \$25, which was awarded to him as winner of the recent sales campaign. Mr. Britt's sales of lamps almost doubled sales of his nearest competitor.

Miss Lula Basham had what came very near being a serious accident last week when starting a fire at her school. She picked up what she thought was kerosene that the boys had used in making fires, but it proved to be gasoline that had been used in lamps the week before at an entertainment. The can exploded, throwing the fire on her. She had on a heavy coat so she began to fight the fire with her coat. The children who were there called for help, which, fortunately, was near, and they soon had the fire out without serious damage except for smoke,

of which Miss Basham got a good supply, a singed head, and a good scare.

Following their annual custom, the Boy Scouts have erected Christmas trees around the courthouse square, and we also notice a very tall stately tree which will be erected in the courthouse yard. Those around the Square are being decorated in gay Christmas style, and our town will soon be ready for Santa Claus.

In a difficulty in Fountain Run last Friday, Esq. Jolly Fraim was badly wounded by Earl Lane, a young man of about 21 years of age. It seems that Esq. Fraim had, at some time earlier, issued a warrant against the Lane boy for some offense, causing him to have been jailed. Last Friday Lane took his spite out by shooting the magistrate, the bullet striking him just below the heart and lodging against the skin of his back, causing a very dangerous, if not fatal, wound. Of course, young Lane is in jail again, awaiting the result of his rashness.

Plans are being made to use the 123rd Cavalry Armory for boxing bouts as well as various other athletic stunts in addition to its use as a drilling place for the Cavalry unit when the weather is not good outside. Also, of course, it is the ideal place for practice by the 123rd Cavalry Band. The armory is going to develop into a most useful meeting place for large gatherings of various kinds.

The Davidson Bros. wholesale house in Scottsville was broken into last Friday and relieved of 3000 cigarettes, 30 pounds of chewing tobacco, 20 boxes of cigars, and a lot of candy. Looks like something more to eat would have been more suitable.
