On the other side, the fire took the Herbert Basket Café, and the Walden Barber shop. It was stopped by the brick wall of the Bradshaw-Ragan Motor Company. Officials had feared that the entire block would go up in flames but, fortunately this did not occur.

The boys were treated at the City Hospital and the occupants of the car that caused the wreck were placed under arrest as whiskey was found in the car, which was probably the cause of the accident. The car, a new Chevrolet belonging to Mr. Smith, was demolished.

Fifty Mules Sold Here Last Monday. Buyers seemed anxious for mules here Monday, which was County Court Day, and fifty mules changed hands at prices ranging from \$50 to \$160. We understand this demand is created as a result of the better prices for cotton in the South. He and his brother, Clarence, had built a small bonfire and when the grass in the yard caught fire, Terry tried to stamp out the flame. The cowboy suit he was wearing caught fire. His screams brought his mother, who was endeavoring to remove the garment when Mr. Charlie Lyons, who happened to be passing, assisted Mrs. Hatchett in smothering the flames. So intense was the suffering of the child that it was necessary to spray treatment on the injured leg. It will be several weeks before he will be able to walk.
